Applicants will be invited by letter to attend an interview and test which is usually held early in June.

The proposer and seconder should be members of the WW&C and should know the applicant well as they may be held responsible for any unsporting behaviour committed by the applicant. Whilst it is not a condition of membership it is anticipated that the proposer/seconder will look after the applicant during their first year.

Applicants who do not know any members of the WW&C should attach a letter giving the names of two people prepared to supply references and stating their reasons for seeking membership.

It would be useful to know your interests and likelihood to assist the WW&C
